Need to Know!

Time Change

Ship's clocks will be set one hour back at 02:00am between Thursday night, December 25th and early morning of Friday, December 26th.

Credit/Debit Card Holds

Holds are placed on your credit or debit card throughout the vacation period to guarantee that funds are available. Your bank does not actually release any funds to us. At the end of the trip, your onboard spending will be paid in a single transaction, and the holds will be released. The amount of time these holds remain on your credit or debit account varies per bank. Most banks transfer payments within 5 to 7 business days; but, when using a debit card, pre-authorization holds may remain on your account for longer; consequently, we recommend using a credit card whenever feasible.

Onboard Account Summary

We kindly ask that you review your folio prior to disembarkation. It is accessible through the app and via the two folio machines located on Deck 5 midship—next to the Shore Excursion Desk and across from Sabatini's. Should you require any assistance, our team will be happy to help.

Important Notice: Air Conditioning

Please keep **balcony and external doors closed** except when transiting through. Open doors disable your stateroom's AC and negatively impact the temperature control throughout the ship. Your cooperation is essential for maintaining comfortable temperatures for all guests.

Environmental Safety

For the effective operation of the ship's sewage treatment plant, we kindly request guests to refrain from disposing any unused shampoos or other types of liquids down the drain. Any containers with liquids should be disposed with the regular garbage collected by your stateroom steward. Thank you for your cooperation.

Public Health Reminder

To help maintain a healthy environment, please wash your hands frequently and thoroughly with soap for at least 20 seconds, and rinse them well. We strongly recommend that you follow this procedure each time you use the restroom, after coughing or sneezing and before eating, drinking or smoking. Avoid touching your mouth. We also encourage you to use your private toilet facilities and not the public toilet unless absolutely necessary.

Toilet System/Vacuum System

Royal Princess, as all modern cruise ships, is equipped with an EVAC toilet system that uses the vacuum pump principle. The system is very reliable, but the pipe work is much smaller than those ashore and is sensitive to foreign objects and large amounts of toilet paper. In order to avoid blockages and subsequent inconvenience to guests, please place any foreign objects in the waste bins and sanitary bags provided.
